Dear Professor or Instructor:

Academic Retention Services is attempting to help students served by this office to be more proactive in shaping their academic success.

To facilitate that process, this student has chosen to meet with his/her respective professors and instructors during office hours to discuss their progress. You are integral to this process and we ask that you provide feedback to the student whose name appears below:

1) If the student is making sufficient progress in your course, you can choose to simply sign and date the form, and return it to the student.

2) If the student is in academic jeopardy (i.e., has a C- or below) in your course, you can choose to provide the student with written feedback on their academic performance, sign and date the form, and return it to the student.

Our goal is to help the student connect to the appropriate support services or identify an appropriate plan of action.

Thanking you in advance for your continued leadership and support of our campus learning environment.
